

Sattelite radio has been the best thing to hit my areaIt is static free,  
available all the time, whenever and wherever I am  
It give me traffic updates and weather without inflammatory Oh it's so bad  
outside! I can transport it from my house to my car I never miss the accident  
reports waiting for the on the 8's or the 2's

Come on everyone one get in the 21st century  
It's on on demand world, this is what I demand  
If I choose local I use local
